More than **five children die every day** as a result of child abuse.

Dear Friend,

To a parent, a child is a source of great joy, wonder and love. To see a child grow up is a precious fulfillment of a parent's hopes and dreams. Imagine then, what happens to those hopes and dreams when **a child is abducted or lost**. The laughter, bedtime stories, and love a parent has grown to treasure, suddenly vanishes. Today, a reported **750,000 families a year suffer in some way from this silent tragedy**. But with your support, **you can help bring missing children home**.

The Committee for Missing and Abused Children **gives hope to some of these parents** and guardians. It provides, free of charge, picture **posters of missing and abducted children**. These posters can be downloaded free of charge on our web site www.findthekids.org.

The nationwide distribution of these photos and profiles are **critical to the recovery of missing children**. One in six children are eventually recovered with the help of photo identification programs like these posters. The Committee works one-on-one with **parents who have lost their children**. The Committee advocates for every parent to be involved in the search for their child(ren). We are developing the largest educational/reference library that will offer free information to any parent or organization interested in the **recovery of missing and abducted children**.

Although our organizations' address is in Lawrenceville, GA please use the mailing address provided on the payment coupon for a prompt response to any correspondence. We would like to thank Outreach Calling a paid professional fundraiser for **all their great work** on this campaign. Please help the Committee for Missing and Abused Children broaden their **efforts to locate missing and abducted children** by sending your gift today, in the return envelope provided.

Thank you for your concern and generosity...on behalf of the families you are **helping to reunite**.
For the children,

David C. Thelen
